BOATING REGISTRATION REMINDER ** Before you can register your boat for the 2020 season, you MUST show proof of ownership by supplying us with your original title (or current tax receipt or registration) and proof of insurance. If paying your registration online, please email your information to frontdesk@lslca.com. Also, ALL CLASS 8 BOATS need an annual inspection by Water Patrol prior to your 2020 boat registration. **DON'T LOSE YOUR DOCK! Your 2020 Dock Rental Fee MUST be paid by April 1st !**

“Effective in 2020, each private Golf Cart used on the Golf Course will require an annual inspection by a Golf Shack employee and an annual registration fee of \$25.00 paid at the time of the inspection. At the time you pay the \$25.00 fee, a sticker will be given to you that you MUST display on your private Golf Cart confirming you have had your annual inspection and paid your annual Golf Cart fee. **You will only be allowed to use your private golf cart on the Golf Course if you have your annual Golf Cart sticker displayed.**

EMPLOYEE SPOTLIGHT...

We would like to introduce you to one of our many valued employees:

Rich Rudloff, Golf Course Maintenance

How long have you worked for the CA?

Over 13 years now, I started working for the CA in August 2006.

Description of his job:

Rich does everything associated with the overall maintenance program for the golf course. He operates the equipment associated with maintaining the golf course: i.e. Greens mower, rough mower, sand-pro, chainsaw, etc. Other golf course tasks include, irrigation system maintenance, landscaping, tree trimming, equipment repairs and maintenance.

What do you love about working for the CA?

I have always liked outside with plants and landscaping and working at the golf course lets me do that. I live in the CA and it has been a good fit being so close to the golf course. Also, I like working with all the other people that work here.

Any story or experience that you would like to share?

About 4 or 5 years ago I was mowing around an oak tree and my roll bar hit a hornet's nest that was hanging in the tree. At that point I was instantly attacked by the angry hornets. They swarmed me and I ran away, but they were still stinging me. There were some tennis players that came over to help me to swat them away. I survived with about a dozen stings. It was a scary situation and now I always check out the trees for any hornets' nest when I mow.

His Hobbies or Interests...

I like to work outside in my yard with plants and landscaping. I am a model train buff and I like to build, tinker, and assemble them. I also like to work around the house fixing things and spending time with my grandchildren.

Notes from his Supervisor..

Rich is just a great employee and a great person. I couldn't ask for a better guy to work with. He has been working on the golf course for 11 plus years and he is very knowledgeable of all aspects of maintaining the golf course. He is a tireless worker and he brings a great attitude to each workday and is an exceptional member of the crew.
