Questions? lslcacourts@gmail.com

Jardin du Lac will be presenting the Solstice Apartments with a civic citation of commendation for the landscaping of a business. The Solstice Apartment complex is located off Technology Drive across from the Meadows Shopping Center and Von Maur department store. The apartments are managed by Lindsay Vertrees. She and her husband, along with other landscapers, have planted the entrance beds and many pots around the complex. The main entrance beds consist of New Guinea impatiens, Mexican petunias also called blue bells, and obedient plants also known as Lady of the Lake plants (how appropriate!). The planters at the front office will soon be changed to chrysanthemums for autumn. Currently they and the lovely tall planters around the pool contain a combination of mandevillas, Brazilian jasmine, wild banana plants and lobelia. Their lovely color is sustaining their beauty into October. The apartments were opened in 2023 and have welcomed their residents with lovely landscaping grasses and bushes. This month they recently had a movie night around the pool. It was a nice activity while the flowers still look lovely and autumn sends the residents inside.
